WORK EXPERIENCE

Front-End Developer

Launch Up Labs LLC

Feb, 2024 - Present | Lahore, Pakistan

Achievements/Tasks

- Developed and maintained responsive healthcare web applications using **React, TypeScript, JavaScript, HTML5, CSS3, and Redux Toolkit**, focusing on reusable and maintainable component architecture.
- Led front-end development for complex **healthcare dashboards, detail views, timelines, calendars, campaigns, audit interfaces, and care-plan workflows**.
- Translated **Figma designs and business requirements** into responsive, production-ready interfaces while ensuring technical feasibility and consistent UX.
- Integrated REST APIs and managed complex application state, routing, forms, data flows, and reusable UI components across multiple application modules.
- Built and maintained **SurveyJS-based form-builder functionality** and data-driven interfaces for healthcare workflows.
- Implemented **CI/CD workflows with GitHub Actions and AWS S3**, supporting automated front-end builds and deployments.

Frontend Engineer & Graphic Designer

BricksTech Digital

Apr, 2021 - Dec, 2023 | Lahore, Pakistan

Accomplishments / Tasks

- Developed responsive and interactive web applications using JavaScript, HTML, CSS and modern frontend development practices.
- Built reusable UI components and implemented responsive designs across desktop, tablet and mobile devices.
- Identified and resolved functional, UI and performance issues through systematic debugging and testing.
- Worked across multiple projects and adapted to different technologies, requirements and client-specific development environments.
